Why Louise is a goldplus member

I'm a Gold Plus member because it covers me at events, and allows me to access vet fees insurance.

My horse Rupert is my world and my family. He is your ultimate all rounder - visits to the pub out hacking, supreme showing champion, show jumping winner, cross country demon and the only one I want to spend the rest of my days with. Looking after him is my number one concern, but unfortunately, affording him is my second. I have peace of mind knowing we can go out and enjoy ourselves with cover for 'incidents' at an affordable price with Harry Hall One Club.

Will writing for oneclub members

Making a will to protect your loved ones can avoid disputes after your death.

It's a legally binding document, and the most common way to help ensure your money, property and pets are distributed exactly as you would want. You'll find plenty of guidance notes to help you along the way and to protect your interests, both individually and as an equestrian.

A Legally Binding Will tailored for your requests

Update or change online anytime

Create a specific wishlist

But, I don't need a Will?

As we hit our 20's or 30's we reach many significant life milestones, such as getting the keys to our first homes, maybe getting married, owning your horse or horses and starting to build that savings pot.

That's why a Will is something you should think about no matter what your age to protect your loved ones and avoid disputes after your death. It a legally binding document, but not the only way to ensure your money, property and pets are cared for exactly as you would want.

Why Amy is a Gold Plus Family Member

I'm a Gold Plus Family member because it's by far, cheaper than any other insurance company that I could find.

The reason I joined the One Club was due to the fact it covered both my daughter and I, and we were also able to get vet fee cover. The One Club and Gold Membership were by far, cheaper than any other insurance company that I could find.
